

Impact Series UV Sterilizer Box with Wireless Charging

Model: GDSY-IB01-W

Solution Overview

- Globus Portable UV Sterilizer Box is capable of eliminating germs and all sorts of bacteria using UV light. One of its biggest advantages of the UV sterilizer as far as nail tools are concerned is its rapid sterilization, multifunctional, portability and 99.99 percent disinfection rate.
- This is portable and imposes no harmful effects on humans and literally handheld. Low range of UV wavelength of about 254nm which makes it fully secure for humans.
- Benefit of disinfecting with UV light is that this method of disinfection is far more effective than any other method being deployed these days. UV light kills a wide array of harmful organisms.
- It can be turned on instantly, thus the work efficiency is greatly improved without waiting for warm-up.
