High Brightness for Spectacular Visual Performance

High brightness of 4000 ANSI Lumens and High Contrast Ratio of 22000:1 for razor-sharp and luminous picture quality in any given lighting condition be it too dark or too bright.

Full HD Resolution for Razor-Sharp Picture Quality

Elevate your presentation or classroom session by several notches with Full HD resolution of Globus Short Throw Digital Projectors. Highlight even the minute details of your document for better collaboration

Powerful Optical Zoom

Optical zoom of 1.2x provides higher level of flexibility to fit even challenging projection environments, without having to move the projector physically.

Immersive Audio Experience

In-built sound system of 10W to power your presentation, seminar or classroom sessions without requiring any additional sound setup for a small to medium sized room.

Perfectly Geometrical Images

Vertical Keystone Correction of $\pm 20^\circ$ for obtaining perfectly geometrical shape of the projection, eliminating trapezoid effect without moving the projector physically. The keystone can be adjusted via remote control.
