Learning made simple

GLOBUS INFOCOM LIMITED

Aesthetically-pleasing, premium design

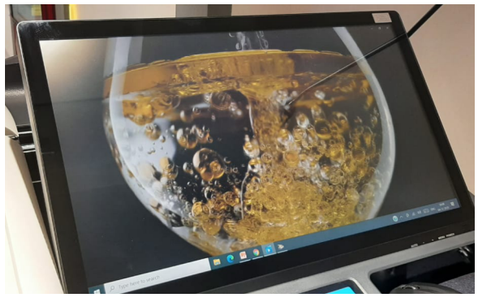
Globus Interactive Podium is sleek, compact in form factor and premium in design, adding aesthetic value to the place it is installed. It is made up of ABS polycarbonate for a premium finish and robust design.

High Fidelity and Powerful Audio System

Globus Smart Podium comes with a high-fidelity, powerful Audio System with a pair of 4 speakers of 50W each powered by an amplifier of 200W.

PCAP and Electromagnetic Touch Technology

Projected Capacitive (also PCAP) and Electromagnetic Touch Technology provide accurate and highly sensitive touch. It supports both pen as well as finger touch.



Microphones

The Gooseneck microphone comes with a dedicated On/Off button along with an LED indicator. It is powered by a Phantom Power Supply . This podium also comes with 2 wireless microphones apart from gooseneck microphone, to make two way communication more impactful and convenient.

Versatile Connectivity

Easily connect your devices like Laptop and PC via Multimedia Controller through HDMI and USB.

Super-Precise Pen with Tip Diameter of 2mm

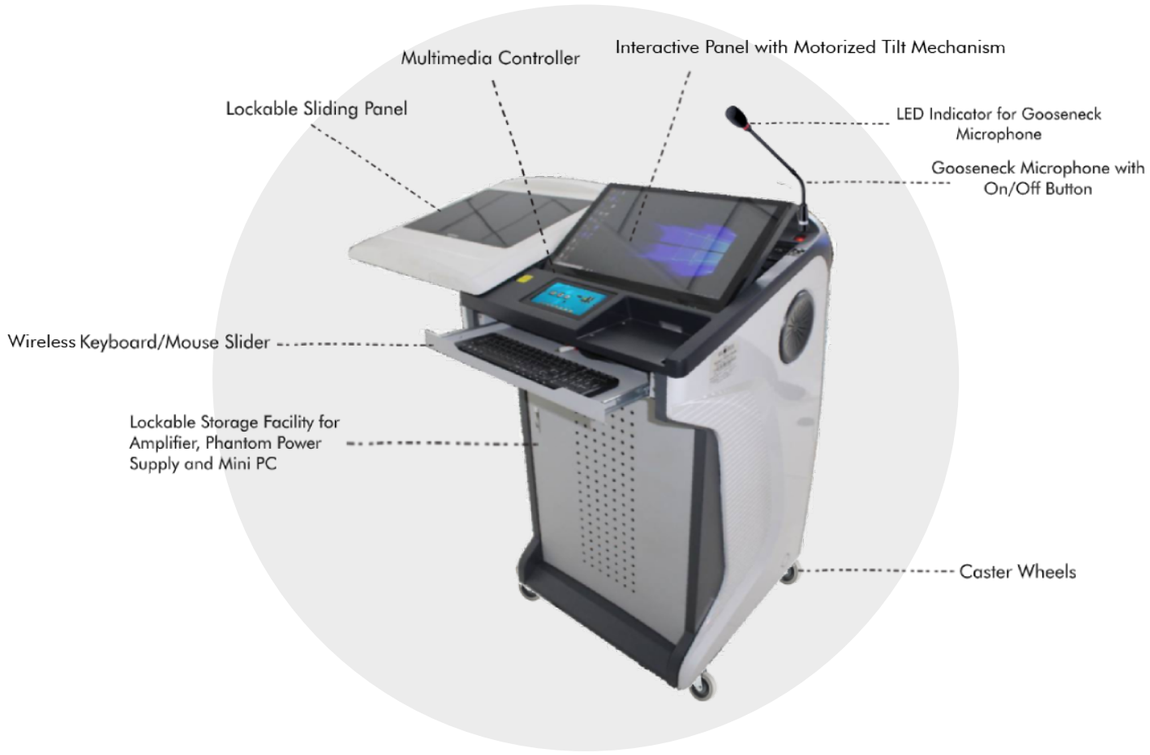
Smooth and life-like writing experience for presenter with super-precise pen with a fine tip of 2mm in diameter. It allows the presenters to use the writing space efficiently.

Single Lock for Both Slider and Cabinet

Our Smart Podium can be locked when not in use, using a single locking mechanism for both Slider and Cabinet.

Combination of Excellence & Quality

A compact & robust design that passes through multiple level of testing to provide you the finest piece which is an exemplary combination of Intelligence, Innovation & Interactivity. Our podium is equipped with all class apart features which makes it a complete presentation tool. It comes with features like caster wheels that help to make the podium shift from one place to another easily & with motorised screen tilt which can be adjusted according to the presenter's comfort.



A Proficient, Powerful and All-In-One Smart Podium to ace your presentations

Connect more with your audience

It is mainly used for educational and presentation purpose to engage and interactive with students/participants during a classroom/lecture session. It is a perfect blend of interactivity, immersive audio, computing, switching and controlling to deliver uncluttered, organized and convenient lecture or presentation. As it is a simplified digital device, it leads to better interaction between the presenter and its audience. It allows the presenter to face the audience and focus more on students instead of grappling with sheets of paper. Overall, it helps uplift the learning/presentation experience with its rich features.

Smart Podium SP-300B Components

- Interactive Panel: Comes with annotation software to make your session even more facile, interesting & enthralling as it allows annotating on live screen. It performs functions like highlighting, saving, editing, mailing, printing and many more.

- Wireless Keyboard & Mouse: We provide wireless keyboard & mouse for an organised experience at the time of presentation or any session. It can be conveniently placed in one of the cabinets provided in the podium.

- Microphones: We offer 3 types of Microphones - Handheld, Collar & Gooseneck. Handheld microphone to held in the hand, collar microphone for hands-free operation and gooseneck microphone that can be adjusted or tilted accordingly.

- Multimedia Controller: A central multimedia controller that handles all the switching and controlling functions of the device. It saves the time of a presenter as he / she does not have to toggle between switches to control different functions.

- Sliding Lockable Shutter: Interactive Panel in podium comes with a sliding shutter on top of it which is lockable. The purpose of providing lockable sliding shutter with panel is to keep it safe from breakage and mishandling when not in use.

- Lockable Cabinet: There's a separate storage facility for storing Amplifier, Phantom Power Supply and Mini PC in our Smart Podium to keep your presentation/teaching space organized and uncluttered. The cabinet can be locked when not in use.
